

Data Form for LT (GIS Survey BARQAB - PPI-OMS Consortium)

Transformer No 1 starts from west part cell

Substation:		33 kV		Code		0170		T/Capacity:		100kVA		Survey Date		03-12-2025																											
Feeder:		WVA-one-city		Code		017035		T/F ID		PPI		General Duty:		Transformer Id																											
Inspectors:		Ubalduja		Survey Point Number				T/F Make:				Double Pole		Transformer Id
